SCHOLARSHIP

Limited number of scholarships available

The Association is able to offer a limited number of scholarships or part scholarships for gifted children whose families may be experiencing difficulty due to financial or other circumstances of hardship. There is a limited amount of funding available and a parent/guardian must apply on behalf of the child and must be prepared to attend the camp with their child. Scholarship applications that are accompanied by a supporting letter from the child's school, or other supporting documentation, such as a school counsellor report, will be highly regarded.

FEQUENTLY ASKED QUESTIONS

What will my child be doing at camp?

Every camp program is different. Based around a theme the children's activities combine learning, questioning, hands on activities and exploring. The program includes instructional workshops looking at a range of different topics and free time in which social interaction and play are the aims.

Activities allow for individual and group work. Children's interests be it quiet activities like board games and craft or more energetic activities like sports and exploring are all catered for.

What do parents do at camp?

Parents attending the camps assist with the preparation of meals under the guidance of the camp co-ordinator and are also encouraged to be involved in the children's activities if they wish. There is also time to spend talking with other parents and time to relax. A workshop for parents is often organized, to learn more about supporting gifted children's needs.
